Let us not blame indians alone.Call for the travelling al-
lowance bills of the present Military Secretary and see the
purpose for which he has travelled and the number of minutes
he has halted in the various talooks where sepoys guard th
the treasuries.Should the poor people of Mysore pay for the
perfunctory work?I should think not.Many of the Sepoyshave
Complained to me that their grievances are not cared foran
and I know they are real.Does the Military Secretary attend
Office now at all? No.He will have a mutchi, a duffedar, or a
peon to tell him where to sign.Do other heads of Department
attend regularly?No.Doesyour HIghness really think that
your country will prosper if there is in service such rotters
European and Indian ?Look to your own private Secretary.Has
his advice ever been valuable to you,?has he been sincere??

Imost sincerely deplore that you have not got honest and sincere subordinates or servants.The nuns attendingpalace have spread illnews about your private life and the lives of of the Zenana.It has also reached lady Daly through Mrs McGann.Ido not see why your highness should have your priva te life of the familydragged all over the world even now through although Kantarajurs's folly it became notorious. many years ago.It seems to methat you are often misinformed anddo no not use your own judgment.You do not know how to select peop le for your service and you readily believe all thart is tol d you.You are known to be unjustand hypocritical.It is believed that as Sir P.N.Krishnamurti was spoiled by his brother your brother is spoiling you.Take one instance.Your brother has all brahmins in his office and he has told you not to have any.

Whom have you got as Secretary to Government? That old Mr.D.M.Narasinga Rao whom Maconochiediscovered to be a scoundrel and who took a lot of bribes as ajudge.This is indeed a very fine state of things.

I beg to remain ,

Your highness' loyal subject
